

BRACKET INSTALLATION GUIDE

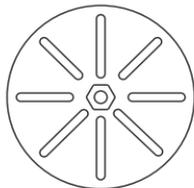

Screw

Nut A

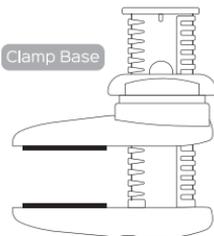

Nut B

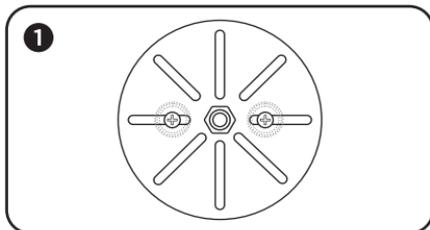

Camera Mount Adapter

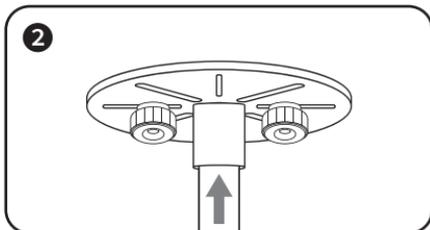

Support Rod

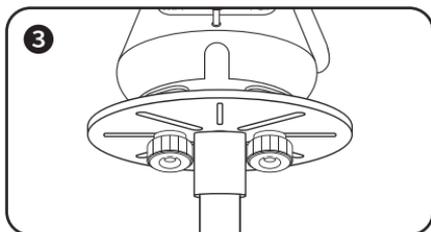

Clamp Base

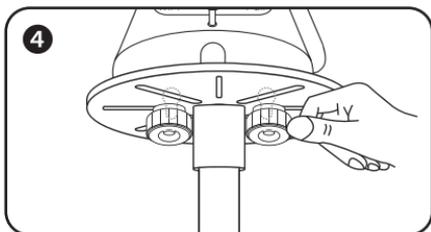

1. Insert nut B into the center of the camera mounting adapter.

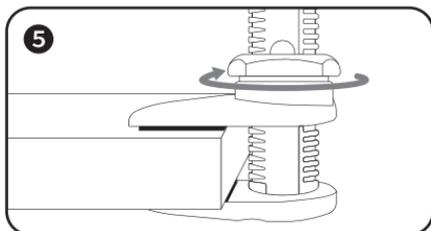

2. Connect the support rod to the camera mounting adapter.

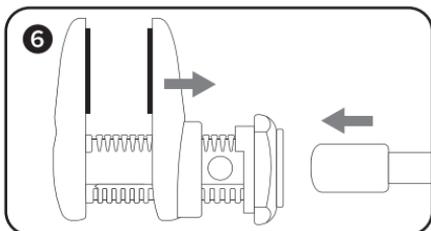

3. Insert one screw from the camera mounting adapter, into the mounting hole on the bottom of the camera.

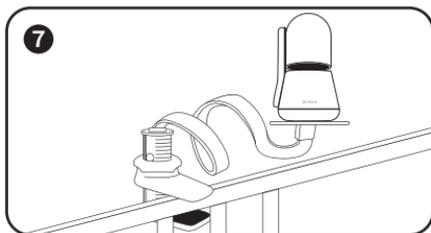

4. Insert the other screw into the remaining screw hole on the bottom of the camera, then securely tighten both Nuts A to fix the screws in place.

5. Secure the clamp base onto the crib rail or tabletop.

6. Open the clamp base and insert the support rod.

7. The completed installation is shown in the image above.
